THE WEATHER KICKER.

As a rule,  
Man's a fool;  
When it's hot, he wants it cool,  
And when it's cool, he wants it hot;  
Always wanting what it's not,  
Never liking what he's got.  
As a rule,  
Man's a fool.

And even yet,  
You may bet,  
When it's dry he wants it wet,  
And when it's wet he wants it dry;  
What ever he can get,  
Still he'll fuss, and still he'll fret,  
Hot or cool,  
Wet or dry,  
As a rule,  
Man's a fool.

#### CROP REPORT

##### Condition of Kentucky Farm Products Shows Up Well

The first report issued by the Agricultural Department for the year 1908 shows the condition of the agricultural interests to be in good shape. The winter was an exceedingly mild one. There was a large amount of rainfall, with very little snow, which was not enough to afford protection for the wheat, rye and barley.

We are urging an increased acreage of winter oats and are distributing some seed to the various sections in which none or little are grown.

Very few tobacco plant beds are being sown, as the farmers have determined not to raise but little tobacco this year and by their united

organization has secured good prices for the 1906 and 1907 crops. Most of the dark tobacco has been sold at good prices, while the Burley tobacco is still in the hands of the farmers.

Grasses of all kinds are in fine state of growth and clover is reported as generally good.

The extremely mild winter has been very advantageous to live stock and all classes are in splendid condition.

There has been an increased activity in the production of hogs despite the fact that prices are much lower than last year.

Sheep have increased in numbers and more attention is being paid to this important industry of our State and prices are higher than ever before.

The prices of mules are much lower than last year, but, regardless of the price, people

are raising more each year.

Very little plowing has been done at present on account of the heavy rainfall.

Although hemp has been an important feature in the products of Central Kentucky, the last few years have not seen an increased acreage, but the highest price ever known is being paid for hemp and the determination not to raise tobacco will cause more attention and larger acreage than ever has been paid to this very important crop of our State.

Editor John J. Altmeyer of The Bulletin joined the army of grip victims of the city this week.

Never joke with a busy man. To a busy man a joke is so thin that he can see through it, and recognize the idiot on the other side.

Unless there is a decided change in the weather irreparable damage may be done to the fruit-growing industry in Kentucky and Southern Indiana. Fruit growers declare that there is danger, and that people should exercise every care to protect their fruit trees. The weather of the past few days has caused trees to bud and blossom, and if the weather continues several days longer, the trees will be in bloom.

By the way, is the night rider a night mare?

EVERYTHING about the Easter bonnet this spring is to be small, except the price.

A CENTURY ago everybody expected to have the smallpox. Now we all expect to have the night riders.

WITH the divorce suit of the THAWs, of course we may expect a new series of Evelyn pictures, no two to look alike.

IN 1893, when the panic began, we had but \$161,000,000 in gold in the Government Treasury, while we now have \$904,000,000.

It is declared that of all the songs published only one in 95 attains real popularity, and even that one becomes unpopular from over use.

THE absurd report comes from Frankfort that the legislative appropriations are so "prodigal" (?) that Governor WILLSON will wield his veto ax. THE PUBLIC LEDGER will never believe that our Governor is a stingy, non-progressive Governor. Every dollar spent to boost Kentucky is money well spent. Pile up the appropriations, boost old Kentucky and boom Frankfort.

It is now said that the winsome EVELYN despises HARRY THAW. How natural.

As THE Brownsville shooting is about to shut up, will Senator FORAKER follow suit?

THE Winchester Sun-Sentinel carries a whole column of "Skating Rink Notes." They sure have got it bad up in Clark.

AND Mason is the birth place of Governor WILLSON and the home place of Governor COX.—Kentucky State Journal.

'Tis, now!

HEMP is now quoted at \$140 a ton, the highest price for years. If the tobacco crop is to be cut out, why not raise hemp enough to hang all the night riders in the State?

It is said at Washington that the appropriations of Congress at this session would be kept within \$900,000,000, exclusive of appropriations for battleships.

EDITOR EVERETT TRUE WALTON of The Kentucky State Journal rejoiceth and is exceeding glad over SHANKLIN's victory in Mason county. Why, there was no politics in it. The race was made on the Equity issue, and no man could have won opposing the question. The Journal is probably not aware that if Mr. SHELBY BLATTERMAN, an Equity man, had been nominated by the Republicans first he would have been elected and Mr. SHANKLIN would not have made the race.

WANTED THE NERVE PART.

Here it is: A man, who had borrowed every cent he could from his friends, was waited upon by them in a body and asked to make payment.

He said he had nothing but his body to offer to appease their claims.

He offered to let them cut this up and proportion it out.

When this was decided upon the first creditor to get up said: "I want his gall."

WHISKY

Shipped By Express Into Southern Prohibition Communities Must Be Encased in Corrugated Paper

Whisky shipped into prohibition communities in the South will have to be encased in corrugated paper or wooden boxes after April 1st according to a rule promulgated Wednesday by the Southern Express Company.

The reason given for the rule is that some of the "dry" stations in Georgia looked like jughouses immediately after the arrival of trains from the North.

LEGISLATURE

Stops Grind to Listen to College Boys Orate—Pay For Prayers

Frankfort, Ky., March 13th.—The Senate was called to order by President Cox at 10:40 o'clock. Prayer was offered by the Rev. J. S. Sims of the M. E. Church, South. On motion of Senator Cureton the Senate took a recess of thirty minutes to hear a debate between pupils of the Louisville public schools on the question whether or not the United States was greater than ancient Rome. The debaters belong to the Eighth grade of the Gavin Cochran school.

At the conclusion of the joint debate Lieutenant Governor Cox said he was unable to decide and put it up to the Senators, who were of the same frame of mind. The Lieutenant Governor finally declared the debate a draw.

The House passed the resolution to pay the Ministers who have offered prayer during the session \$350.

The gage marks 44.4 and falling.

## This is what the doctor said

"Most Physicists are Dangerous." A good doctor is particular about the medicines he prescribes, and, therefore, he never allows his patient to take any physic that makes him weak. A physic that leaves one weak does great harm to the muscles lying along the walls of the stomach, bowels and intestines. Such a physic so shocks the muscles that they cannot soon recover their strength and therefore a case of constipation is developed. The bowels must be cleansed again before the muscles have regained sufficient strength to do so voluntarily, and so another and stronger dose of the physic must be taken. This forms what is known as the "Physic Habit."

Dr. Caldwell's Syrup Pepsin

is a safe physic because it so strengthens the bowel muscles that they can perform their functions without any further aid. This great remedy has unequalled tonic properties which gives great strength to all parts of the stomach, bowels and intestines. A dose will give an excellent bowel movement and so refresh and give strength to the patient that he will soon be able to get along without any medicine whatever.

All druggists sell Dr. Caldwell's Syrup Pepsin at 50c and \$1.00 a bottle. Money back if not satisfied. Pepsin Syrup Co., Monticello, Ill.

## THE PERFECT WAY.

Scores of Maysville Citizens Have Learned It.

If you suffer from backache,

There is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

James Wells, living on Front street, Vanceburg, Ky., says:

"About one month before I began using Doan's Kidney Pills my back began to ache and pain and caused me a great deal of annoyance. I knew that if the trouble was not eradicated it might prove fatal. Often when I came home at night and went to bed the trouble was so severe that I had to continually change my position, and during the day I had to pass the secretions every little while. A friend advised me to try Doan's Kidney Pills. I procured them and the use of one box entirely cured me. I have had no symptom of kidney trouble since and give the credit to Doan's Kidney Pills."

Plenty more proof like this from Maysville people. Call at J. Jas. Wood & Son's Drugstore and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

In four years 176 white persons and 217 colored persons died from consumption at Lexington. Thus, while the colored population of Lexington is about 47 per cent. of the whole, the deaths of colored persons from this disease comprise 55 per cent. of all deaths from tuberculosis.

ALAS, AND ALACK, OLD KENTUCKY!

(While Knight Riderhood is in Flower.)

The finger of scorn of the civilized world, is pointed while Anarchy's banner unfurled Waves over Kentucky, heaping shame and disgrace On the old Commonwealth with blood on her face.

Why cry against Trusts, curse their power and stealth And loudly condemn the oppression of wealth? For spades are just spades, no use to deny it, These infamous night riders, only prove, don't belie it.

Though Trusts are an evil that honest men spurn,

The fiends, who in darkness, a building would burn; Or murder a neighbor, or force or coerce, With firearms or sabre, are many times worse.

The true and the brave don't assemble at night, Plying torches to win any cause that is right. But fearlessly wage honest combats by day Thus winning their fight in a civilized way.

Only cowards cohort and to arson resort, In attack like a thief in the night; Depending on number, catching victims in slumber Daring only through might to make right.

As we wail and we cry, between a sob and a sigh

To the just God who reigns from above us, Pray deliver our State from this barbarous fate, Give us liberty, law, and still love us.
